Risk-Weighted View

High-severity items represent the touchpoints where gaps most directly threaten revenue, compliance, or founder freedom. Below is how the operation performs across each severity band.

Impact Areas

Scores grouped by the operational function each touchpoint affects. Use this to identify which capability area drives the most leverage in your next 90 days.

Productivity 21 of 56 pts · 28 touchpoints	38% Significant Opportunity
Compliance 9 of 24 pts · 12 touchpoints	38% Significant Opportunity
Founder Freedom 24 of 62 pts · 31 touchpoints	39% Significant Opportunity
Margin 18 of 36 pts · 18 touchpoints	50% Partial Build
Growth 11 of 22 pts · 11 touchpoints	50% Partial Build

Prioritized Action Plan

Items below are sorted by impact (risk severity) and effort to close (score). High-severity gaps scored 0 are the first priorities — they represent the touchpoints most likely to threaten revenue continuity, founder freedom, or compliance.

Next Steps

Your audit results have been forwarded to Randy Derrick at M-II Operations. He will reach out within one business day to schedule your complimentary 30-minute review call (phone or Zoom).

What to prepare for the call

- Bring this report. Randy will walk through your lowest-scoring tier and impact area first.
- Be ready to discuss two or three specific situations from the last 90 days where a gap on this report cost time, money, or sleep.
- Identify the one outcome that would matter most to you in the next 90 days — Randy will use this as the anchor for any recommended next steps.
- Decide who else from your team should be on the call. If only you can answer the questions, only you should attend.
